

To Whom it may concern,

I would like to strongly recommend that the FM translator service that carries my K-LOVE radio station continue. I do not know all the ins and outs of the Low Power FM issue that you are considering, but what I do know is that K-LOVE is a part of my life that I do not want to be without.

I am raising a child in a world full of profanity, sex, violence, and moral decay. K-LOVE is a safe harbor for my whole family. They are a commercial free Christian radio station so I never have to lunge for the control button to stop inappropriate words from reaching my son's ears.

K-Love is unique in that it offers the only commercial-free Christian radio in my area. Our country was founded on the freedom of religious expression. I feel that if this radio station were usurped by the LPFM stations, there would be a loss in my community of immeasurable proportions. My friends and co-workers all listen to K-LOVE on 94.3 WJKL. They and people all over the area count on having a station that helps us teach our children good values, one that has an encouraging and positive message. I feel our rights as citizens would be infringed upon if these stations were unable to continue broadcasting.

I personally would have no choice but to turn the radio off completely in my home, car, and work place and rely upon CDs that play the kind of music K-LOVE plays. I hope it doesn't come to that. Please do whatever you need to do to keep our priceless radio station on the air.

Thank you for your time and consideration in this important matter,
The Smith Family- Ani, Kevin, and Nathaniel
